

Dear Roger Clap Families & Community Members,

Throughout the month of March we will be honoring the ways we show **advocacy** in our classrooms, with our classmates, and throughout the school community. At the Roger Clap we celebrate the ways students learn to advocate for what they need to thrive as learners *and* the ways our students learn to advocate for others in our community.

Do you or someone you know have connections to graphic or logo design? After revising our schoolwide values, we are looking for folks

interested in helping us create a Roger Clap logo with the core values embedded. Reach out to the school if you have a talent to share!

We are... a Wolf PACK!!
We Persevere
We Advocate
We Collaborate
We show Kindness

School Wide Updates:

- Social Worker Update: Ms. Fantasia will continue as the long term substitute Social Worker for the remainder of the school year. In November & December, Ms. Fantasia stepped up to this role by providing counseling, individual student check-in support, lunch groups, and supporting the social and emotional needs of our students. She can be reached at ffernandes2@bostonpublicschools.org.
- March School Site Council: Join us Tuesday, March 8 at 6pm on Zoom! We will be launching the hiring process for the 2022-2023 school year and starting the design process for a new Roger Clap Outdoor Classroom!
- Spring Family Conferences: Winter report cards will be shared at the spring family conferences (March 28-April 8). This is a critical opportunity for teaching teams to meet with students and families to reflect and set goals for the remainder of the school year.

In partnership,
Emma Fialka-Feldman, Principal
