# Become a Fashion Designer

## Directions:

1. Think of a special event where you would need to wear a specific kind of outfit. For example:
  - a. Going camping
  - b. Going to a wedding
  - c. Going to a sleepover
  - d. Going to the pool
2. Design an outfit for that event.
3. Think about what would be useful to have at each event, like pajamas with a cape that can also be a blanket for a sleepover!
