

Dear Roger Clap Families & Community Members,

We want to share messages of rest and speedy recoveries for our students, staff, and families who are dealing with COVID and other health challenges during this local and national surge of COVID-19.

If your child is quarantining at home as a result of a positive COVID-19 test or as an identified close contact (and therefore not participating in the district's Test & Stay program) there are resources available to ensure that your child continues to receive academic instruction. Ms. D, our family liaison, can help orient you and/or your child to navigating these resources.

Please reach out if you need access to any of the following resources:
