

Dear Roger Clap Families,

The warmer weather means summer is around the corner! Our school, in partnership with our Family Liaison, Mrs. DP, is here to ensure your learner has summer plans. BPS and local organizations have many summer programs for our students – overnight camps, arts camps, music camps, sports camps, academic programs! It is essential that each Roger Clap student has a summer plan that provides them with opportunities to grow and explore! Students who are engaged in summer programs are more likely to transition successfully back into school in the fall and maintain the academic growth gained during the school year.

Boston Public Schools
Expanded Learning Opportunities
