

Dear Roger Clap Families & Community Members,

Thank you for your incredible partnership for the 2021-2022 school year! This newsletter will serve as the final update for this year and include a few reminders and resources for the summer and start of the 2022-2023 school year.

Summer Learning

- Summer Reading: Each student received a book and a grade-level specific assignment to complete over the summer. You can read the book with your child and/or support them in completing the summer assignment. This experience is meant to support our community in building a culture and love for reading! You can find the assignments on the school website.
- Math Calendars: Boston Public Schools created optional math tasks for students to complete to ensure they continue to build their math skills over the summer. Enjoy the calendar as a suggestion of experiences, questions, and tasks for your child to do!
